

APG-83 Scalable Agile Beam Radar (SABR)

**ACTIVE ELECTRONICALLY SCANNED
ARRAY (AESA) FOR THE F-16**

**RAPID ACCELERATION FROM
DEVELOPMENT TO PRODUCTION**

5th GENERATION RADAR CAPABILITY FOR THE F-16

- The APG-83 is born from F-35 radar heritage and has more than 90% software mode commonality with the F-35 radar.
- Northrop Grumman is the world's only 5th Generation fighter radar supplier.

BUILDING ON 40 YEARS OF F-16 RADAR HERITAGE

Northrop Grumman has produced every radar for production F-16s since the aircraft's introduction in 1974.
